

REMARKS

This reply is responsive to the *Ex parte Quayle* Office Action dated June 21, 2007. Claims 14-37 have been allowed pursuant to the Office Action. Applicants submit the following remarks to address the objection in the Office Action.

According to the Office Action, the Examiner objects to the abstract of the disclosure of the specification "because the abstract should be in narrative form and generally limited to a single paragraph on a separate sheet within the range of 50 to 150 words." (Office Action, pg. 2.) Appropriate correction has been made. Claims 19, 25 28, and 30 have also been amended pursuant to the Examiner's request.

Applicants note that in the Examiner's statement of allowable subject matter, the Examiner refers to "etching" and "cutting". However, these terms are not recited in independent claim 14. Therefore, independent claim 14 should not be read to include these terms.

As it is believed that all of the objection set forth in the *Ex parte Quayle* Office Action have been fully met, favorable reconsideration and allowance are earnestly solicited. If, however, for any reason the Examiner does not believe that such action can be taken at this time, it is respectfully requested that he telephone applicants' attorney at (908) 654-5000 in order to overcome any additional objections which he might have. If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge Deposit Account No. 12-1095 therefor.
